

# Alamo Heights Independent School District

Alamo Heights Independent School District is committed to the highest standard of safety for its students and staff.

As a result, AHISD is partnering with the city of Alamo Heights and the Alamo Heights Police Department to add a School Resource Officer (SRO) at Alamo Heights High School.

## The SRO is...

- Someone who builds positive, strong relationships with students and staff, and is another trusted adult on campus
- A resource to protect students, staff, and the campus from outside intrusion
- An officer who has received specialized training to be a School Resource Officer, has received peace officer training, and will comply with all confidentiality, privacy, and FERPA guidelines

## The SRO is **NOT**...

- A police presence for disciplinary purposes
- An arm of school administration for discipline and behavior enforcement
- An informant for the police department
