One Positive Experience

LEARNING WITH MY CHILD

I have a better understanding of what my son's capabilities are... I think I have underestimated what he's able to do. I have a deeper respect for his special education teachers.

120

LIFE SKILLS

My child has become much more tech-savvy, learned time management, and flexibility to take mental breaks when needed.

116

AMAZING TEACHERS

Teachers were amazing about providing both educational and social opportunities for students to engage with their peers. We appreciate ALL the efforts made by teachers!!

110

CONNECTION

I think being able to see their teachers and peers on Google Meet is HUGE.

88

FAMILY TIME

Seeing my children more. Time I'll never forget and always cherish even though it's been tough

Top Two Greatest Challenges

159

As a single parent who already works from home, it has been an adjustment adding schoolwork into the mix such as sharing internet service and finding quiet space for my meetings while she is online for class.

Balancing Working and Teaching from Home
