

District Design Team Meeting Plan 2017-2018

DDT Meeting Structure:

Coaching Circles:

Writing teams will present the status of their design work and will receive feedback from the rest of the DDT through a protocol for affirmations/ consideration

Learning Community Time:

Common reading, thinking, understanding and use of protocols all focused on organizational transformation

Brainstorm / Sharing Time:

“Think- Tank” / Design thinking time to assist writing teams in design of adult learning opportunities

Goals:

Learner Outcomes / EOC Survey

The DDT will monitor the progress of efforts made toward actualizing the Profile of a Learner. Panorama results through Survey Time in 09 will serve as the foundational data to determine areas of celebration and focus for our district efforts. Specifically, recommendations will be made for adjustments to the Blueprint to include in the roll-out for Cohort III of Engaged Classroom teachers.

PD Induction Plan

The DDT will evaluate our current AHISD Induction plan for alignment with the Profile of a Learner. Recommendations for required training/ support for AHISD employees will be made for implementation in 2018-19.

Engaged Classroom Capstone Project:

The DDT will design a system for rolling out expectations for capstone experiences for the engaged classroom initiative. Capstone experiences will occur multiple times over the course of a student's progression through our campuses (i.e. 5th, 8th and 11th grades) and provide students with an authentic way to reflect on their growth and progress towards the attainment of the learner profile characteristics.

District-Wide Communication about Engaged Classroom and Blueprint:

The DDT will create an effective communication plan for use with all stakeholders to explain the Why, What and How of the Engaged

Classroom Roll Out. This communication plan will help our teachers, administrators and parents explain the “big picture” of this initiative. It is possible that this can be launched at our February PD day.
