

AP Drawing/2D Design Year at a Glance (YAG)

All lessons will be designed around the AH Profile of a Learner strand “Employ Skills for Life,” by encouraging the development of a strong work ethic and an exhibition of professionalism. Students will be encouraged to take risks, accept challenges and value the learning that comes from failure, and display grit and resilience in the face of challenge. Students will demonstrate adaptability and flexibility, effectively manage time, provide the teacher with assessment of progress, and evaluate their own progress through self reflection. The program will remind students to exhibit exceptional character at all times while nurturing a lifelong enthusiasm for learning. The following YAG meets the College Board of Education [Standards](#) for AP Drawing/2D Design as outlined in the [syllabus](#).

AP Drawing/2D Design Year at a Glance (YAG)

Skills:

- Students will be able to effectively communicate about the works of self and others. Students will review copyright law and engage in activities meant to help students better understand how the law applies to AP Students.

UNIT - Guided S.I. - Themes (choice)

Concepts:

- Mind Mapping
- Selecting an Inquiry within a framework
- Researching information
- Ways to Document Progress
- Receiving Feedback
- Giving Feedback to others
- Editing, Reworking, Revising, Adjusting, Problem solving
- Experimenting
- Finishing work
- Effective written communication about art and process.

Skills:

- Students will go through all of the steps of a Sustained Investigation within a controlled prompt to safely navigate College Board requirements with guidance, prompts and support from the teacher..

UNIT - AP Rubric - Scoring Work

Concepts:

- AP Portfolio Scoring
- AP Portfolio Requirements

Skills:

- Students will analyse example portfolios to play the role of “reader.” Students will learn through example what typical exam scoring looks like, and understand all of the required elements needed to get that perfect score.

UNIT - AP Classroom Class Registration

Concepts:

- Getting signed up in AP Classroom Online
- College Board Expectations

Skills:

- Students will sign in to AP Classroom and learn the format and expectations for submission for the AP Portfolio, outlined by College Board. Students will navigate the website and complete required elements so they can properly submit the AP Exam Portfolio.

UNIT - Projects 4 - 8

Time Frame: 1 finished piece every 2 weeks

Concepts:

- Work Completion
- Time Management
- Feedback
- Assessment
- Reflection

Skills:

- Students will submit finished work to be assessed, Identify the inquiry that guided the SI, and include images that document how he/she/they has shown evidence of practice, experimentation, and revision guided by the inquiry.
